2015 Articles

1. Operationalizing Cognitive Science and Technologies’ Research and Development; the “Brain and Cognition Study Group (BCSG)” Initiative from Shiraz, Iran.

2. Insulin protects against Aβ-induced spatial memory impairment, hippocampal apoptosis and MAPKs signaling disruption.

3. The role of nitric oxide in spatial memory stages, hippocampal ERK and CaMKII phosphorylation.

4. Comparison of the health-related quality of life between epileptic patients with partial and generalized seizure.

5. Status Epilepticus in Adults: A 6-Year Retrospective Study.

6. Frequency of Depression and Anxiety among Patients with Psychogenic Non-Epileptic Seizures.

7. Patent foramen ovale and stroke: Does presence of a migraine headache or any character of patent foramen ovale increase the risk of stroke?

8. Ictal injury in psychogenic non-epileptic seizures.

11. Predictors of seizure control in patients with juvenile myoclonic epilepsy (JME).

13. The Effect of Humanin on Spatial Memory Disorder Induced by Intraventricular Injection of Streptozotocin in Rats.

14. Quality of Life Among Nursing Home Residents Compared With the Elderly at Home.

15. Assessment of Health-Related Quality of Life in Patients With Psoriasis in Comparison With Normal Subjects in Shiraz, Iran.

16. Outcome after temporal lobectomy in patients with medically-refractory mesial temporal epilepsy in Iran.

17. Effects of carbamazepine on male reproductive hormones.
18. Management of epilepsy in resource-limited areas: establishing an epilepsy surgery program in Iran.

20. Treatment of refractory generalized convulsive status epilepticus with enteral topiramate in resource limited settings.

22. Prolonged psychogenic nonepileptic seizures or pseudostatus.

25. A Survey on the Dietary Habits of Rural Women in Fars Province, Iran.

26. Isolated Post-Traumatic Syringobulbia; Case Report and Review of the Literature.

27. Erratum to: Effects of Intracranial Pressure Monitoring on Outcome of Patients with Severe Traumatic Brain Injury; Results of a Historical Cohort Study.

28. Agmatine protects against intracerebroventricular streptozotocin-induced water maze memory deficit, hippocampal apoptosis and Akt/GSK3 beta signaling disruption.

29. Resolution of Oculorrhea After Skull Base Fracture.

31. Quality of Life of Migraine Patients Treated With Combined Propranolol and Topiramate.
